## SIA 2014 SUMMIT on target for largest with best content

*Publication sent to members electronically & on website By: Claudia J.. Betzner*

### Special points of interest:

- 2014 roundtable schedule
- 2014 Summit dates March 30, 31, April 1, 2014 at Mirage Las Vegas. Complete program with times on website, modified version included here.
- New Members
- 2014 Pacific Global event

**The Mission of SIA is to serve as a forum where every member can enhance their business and to take collective action for the betterment of the industry whenever necessary.**

The 2014 summit already has surpassed the 2013 with one month to go. The content for 2014 is outstanding and we are adding networking events such as the largest golf outing in recent history on Sunday at Angel Park and an outside lunch sponsored by CSDP. We have added two dynamic keynotes, one to begin and one to end the summit program. As usual we have the final event on Tuesday evening and this year by popular demand it will be back in the Opium room at TAO in the Venetian. Registered guests with badges only but spouse badges available for purchase at the registration desk#1 and opens at 5:00 P M on Sunday for early registration. Monday and Tuesday the registration desk will open at 8:00 AM.

The SIA Summit will also have the largest gathering of global members from Singapore, North America, U.S. Canada. and all over Europe. Over one third of the new members the past year have been from outside the U.S. which increases the networking opportunity for all our members. U.S. members now have partners in other countries and our international members can expand into new geographic areas or product lines. The importance of the Summit, Roundtables are promoting partnerships worldwide and providing a forum for networking, which is one of the primary goals of SIA to help our members thrive and grow.

If you want to meet an industry leader attending one of the events please let me or one of the board members know and we we will be more than happy to make that happen. Networking is a key component of the summit along with valuable information sharing and a little fun along the way.

## SIA Roundtables & Networking events: 2014

The SIA roundtables and networking events are the best in the industry. In 2013 we held them in Atlanta, San Francisco, Edinburgh, Scotland, Singapore and Ft. Lauderdale. These are snippets of some of the events. Here are those scheduled for 2014: June 19 Palmer House, Chicago, IL; August 28 Dublin Ireland; October 13, 14 Big Island Hawaii; December 11 Arizona as a prelude to the super bowl there a month later. We are still finalizing the topics so if you have one you would like discussed at a roundtable please let us know. The Pacific Global on the big island will be an expanded version of a roundtable mini summit and we decided to hold it half way between

### Introducing the 2014 roundtables

thr U.S. mainland and Asia so we could provide a shorter distance between both. Our roundtables are usually free with membership but the Pacific Global will include food venues and speakers so there will be a minimal charge to cover the costs to the association. We have sponsor opportunities available as well.

The Pacific global will discuss effective global partnerships, what makes them work and some of the reasons they may not work including properly vetting potential partners.
